---

Dear Hiring Manager,

I am excited to submit my application for the **IS Security Service Specialist** position (Job ID: 5004) at Loma Linda University Shared Services. With a robust background in information security, technical operations, and a deep commitment to safeguarding the confidentiality, integrity, and availability of information, I am eager to contribute to the mission and values of Loma Linda University Health.

In my current role as a **Full-Stack Developer and DevOps Engineer**, I have gained extensive experience in managing and supporting security solutions across a variety of infrastructure technology stacks. My hands-on experience with security risk management frameworks, coupled with my ability to conduct thorough cyber threat analysis and implement preventive, detective, and corrective controls, makes me well-suited to address the unique challenges of this role.

**Key Qualifications**

- **Technical Expertise:** I possess a deep understanding of information security risk management frameworks, standards, and best practices. My operational knowledge spans across the infrastructure technology stack, where I have effectively managed security solutions and ensured their alignment with organizational goals.
- **Problem Solving and Innovation:** My approach to security is both proactive and innovative. I excel in analyzing complex threats and developing tailored solutions to counteract them. My ability to organize technical work, manage multiple assignments, and communicate effectively ensures that security protocols are both robust and user-friendly.
- **Commitment to Mission:** I am particularly inspired by Loma Linda University Health's dedication to the teaching and healing ministry of Jesus Christ. The opportunity to work in an environment that values compassion, integrity, and excellence aligns with my personal and professional values.

I am confident that my skills and experience will allow me to make a significant contribution to your team. I would welcome the opportunity to discuss how I can support Loma Linda University Health in achieving its security and operational objectives.

Thank you for considering my application. I look forward to the possibility of working together to advance the mission of Loma Linda University Health.
