🎨 Obinsun - Digital Artist

Project Overview

Obinsun is a talented digital artist with a focus on unique, custom artwork. The project involved creating a vibrant and engaging online storefront to showcase and sell their artwork.

Features Implemented

- **Custom Art Storefront**: Designed an eye-catching website to highlight Obinsun's stunning portfolio and artwork. 🌟
- **E-Commerce Functionality**: Integrated a secure shopping cart with multiple payment gateway options for smooth transactions. 💳
- **Artworks Display**: Developed a grid layout for high-resolution images of art pieces, making it easy for visitors to browse. 🖼️
- **Payment Integration**: Implemented reliable payment processing with options including credit card and PayPal. 🔐
- **Content Management**: Created an intuitive backend interface for easy updates to artwork listings and pricing. ⚙️
- **Responsive Design**: Ensured the website is fully functional and visually appealing across all devices. 📱 💻

Technologies Used

- **Frontend**: HTML, CSS, TypeScript, Next.js
- **Backend**: Node.js, Express
- **Database**: MongoDB
- **E-Commerce Platform**: Custom-built

Results

- **Enhanced Visibility**: The new site significantly increased Obinsun's reach and online presence. 🚀
- **Increased Sales**: The streamlined purchasing process led to a boost in sales and customer satisfaction. 📈
- **Positive Feedback**: The artist received excellent feedback on the website's aesthetics and ease of use. 🥳
